

CONSTRUCTION:

Basin-mounted soap dispenser has polyethylene soap container with easy viewing of soap level, with 21-fl oz. (0.62-L) capacity. Unit requires a 1" (25mm) hole in the vanity or basin. 4" (102mm) long spout directs soap flow over sink. Exposed portions are chrome-plated brass.

CAPACITY:

7" (177mm) - 21-fl oz. (0.62-L) capacity.

INSTALLATION:

Unit is typically located adjacent to a flush mounted sink through .875"-1" (22-25mm) dia. cut out (by others) in counter top. An adjustable threaded shank allows for installation in counter tops up to 3-1/2" (89mm) thick.

Basin-Mounted Soap Dispenser shall be Model G-29L of Gamco Commercial Restroom Accessories, One Gamco Place, Durant, OK, 74701-1910
